Community Safety Alert: Sensitive Information to Follow- The following information was shared with Bristol School by the Kenosha County District Attorney's Office. This is a broad warning to all communities. The Federal Bureau of Investigation (FBI) is warning the public of a sharp increase in the activity of "764" and other violent online networks which operate within the United States and around the globe. These networks methodically target and exploit minors and other vulnerable individuals, and it is imperative the public be made aware of the risk and the warning signs exhibited by victims. These networks use threats, blackmail, and manipulation to coerce or extort victims into producing, sharing, or live-streaming acts of self-harm, animal cruelty, sexually explicit acts, and/or suicide. The footage is then circulated among members of the network to continue to extort victims and exert control over them. Please remember that as a school we teach internet safety lessons and we always have the Wisconsin Department of Justice-Office of School Safety's [Speak Up Speak Out](#) reporting tool linked to our website. See this Public Service Document from the FBI for more information and warning signs. Public Service Announcement [I-030625-PSA](#)
